# Community Support Minibus Service

Our Community Support Minibus Service is available to all charities, churches and other community groups and organisations to help with your small-scale transport needs for all occasions. For an agreed donation we can provide a minibus with or without a driver for short trips or longer journeys. Our minibuses are operated under Section 19 permits and come equipped with a first aid kit and fire extinguisher and are subject to 6-week safety checks by qualified mechanics. One of the buses has a lift and is wheelchair accessible.

## What could you use our buses for?

- Transport of school sports teams to away matches or competitions,
- School swimming lessons,
- Small-scale day-trips,
- Luncheon club pickups.

## Who are we?

The Beacon Centre Trust is a local charity operating out of St. Mellons. The Beacon Centre is a community building providing many services to community, business, charities, churches and schools including room hire and catering services. All donations for minibus use will be used to maintain the minibuses.

**If you feel our minibus service could be of use for a one-off trip or more regular use, please give us a call on 029 2036 2888 and ask for Martyn.**
